

What *sells*, we deliver.

Menanto develops and distributes ranges of pasta, snacks, protein bars, fruit gummies and beverages for grocery retail, petrol stations, distributors and snack vending operators in the DACH and CEE region – both for producers whose products we place centrally with retailers, and as an exclusive distributor from our warehouse in Wiener Neudorf near Vienna.

SALES AGENCY

Menanto also operates as a sales agency: we place manufacturers' products in retail, lead the talks with buyers and continue to manage the listing afterwards. Our cooperation is exclusive, structured and free of wasted reach.
